Most of early American art (from the late 18th century through the early 19th century) consists of history painting and especially portraits. As in Colonial America, many of the painters who specialized in portraits were essentially self-taught; notable among them are Joseph Badger, John Brewster, Jr., and William Jennys.

Though it has its origins in the 1950's, American pop art did not truly come of age until the early 1960's, and in fact was not called "pop art" until this time. Early exhibitions of American pop art took place in the late 1950's in New York, while Andy Warhol in particular had his first exhibition in Los Angeles, where he sold his famous soup can paintings.
